Analyzing the cohesion of the network

Cohesion: a measure of how well-connected a network is

Analyzing the cohesion of the network

Cohesion: a measure of how well-connected a network is

We will measure the cohesion of certain subgraphs of the MEP social network

Analyzing the cohesion of the network

Cohesion: a measure of how well-connected a network is

We will measure the cohesion of certain subgraphs of the MEP social network

Our measure of cohesion is that we find the proportion of edges that are present – i.e. the proportion of MEP-pairs that worked together

Analyzing the cohesion of the network

Cohesion: a measure of how well-connected a network is

We will measure the cohesion of certain subgraphs of the MEP social network

Our measure of cohesion is that we find the proportion of edges that are present – i.e. the proportion of MEP-pairs that worked together

$$\text{cohesion} = \frac{\# \text{edges}}{\binom{n}{2}}$$

Analyzing the cohesion of the network

Question: which subgraphs to consider?

Analyzing the cohesion of the network

Question: which subgraphs to consider?

We want to analyze the changes in cohesion over time: for example the cohesion of specific parties

Analyzing the cohesion of the network

Question: which subgraphs to consider?

We want to analyze the changes in cohesion over time: for example the cohesion of specific parties

We make use of the 'committee' system of the EP to achieve this:

We want to analyze the changes in cohesion over time: for example the cohesion of specific parties

We make use of the 'committee' system of the EP to achieve this:

Committee members work together on a specific set of law changes

Analyzing the cohesion of the network

Question: which subgraphs to consider?

We want to analyze the changes in cohesion over time: for example the cohesion of specific parties

We make use of the 'committee' system of the EP to achieve this:

Committee members work together on a specific set of law changes

We will analyze the changes in cohesion based on the committees
